

# Ann Arbor Symphony Orchestra

## 2018 Summer Internship Program: Community Engagement Interns- (June-August)

### **Taste of Music:**

This program brings our musicians off of the stage to local farmers markets. At local markets we present two back to back ensemble performances and our instrument petting zoo program. This program also facilitates our free concert ticket voucher program that gives for market goers who qualify for food assistance programs.

### **Instrument Petting Zoos:**

Children have the chance to get up close and personal with the orchestral instruments they see professionally played on stage. Instrument Petting Zoos inhabit Ann Arbor Symphony Orchestra Family Concerts, daycare centers, classrooms, festivals and farmers markets in surrounding counties.

### **Local Community Performances:**

Our chamber ensembles maintain a busy summer schedule. They frequent venues of all types from local retirement centers, to the beer garden at Ypsi's "Cultivate". Our chamber ensembles can be found in unique places around the community all summer long.

Community engagement interns assist with logistical preparations for these programs working closest with the Director of Marketing & Education Manager. Day to day responsibilities include creation of educational components, marketing & social media campaigns, general program production and general administration. Summer interns may also work on special projects for upcoming season preparations.
